PIZZA OF THE MONTH

Every month at Japes, we create a new Pizza of the Month - a limited-time recipe available only until the month's end. For more information, check the promo menu or ask our team for details.

Chicago Style

A DEEP-DISH CLASSIC

How it's made:

The dough is pressed into a deep, round pan and pushed up the sides to form tall, buttery edges. It's thicker than other styles and contains more butter, which gives it a soft, flaky base. The pizza is built in reverse order - cheese goes first, then toppings, then tomato sauce on top - to prevent burning under extreme heat.

What to expect:

A rich, pie-like crust with a crispy edge, soft interior, and plenty of gooey cheese that stretches when sliced.

London Style

CREATED BY JAPES IN 2023

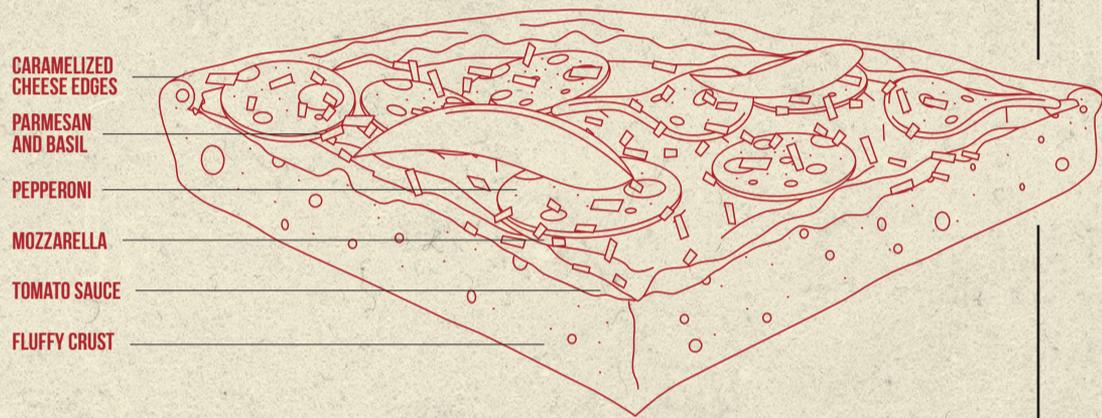

Born from our desire to create one pizza style that brings together the very best elements of our favourite pizzas, London Style was developed here at Japes through months of testing, tasting, and refining.

How it's made:

The dough is about 1 inch thick and slow-fermented to develop flavour and texture. It's baked in a steel pan to form a golden base and an airy, cloud-soft interior. Cheese is spread right to the edge so it caramelises as it bakes, creating a thin, crispy crown. The sauce is applied before baking to balance richness with a gentle tang.

What to expect:

A warm, comforting, fluffy centre with a light, toasty crunch underneath - finished with caramelised cheese around the edge. A style that's uniquely ours: balanced, welcoming, and unmistakably Japes.

Who are the people behind Japes?

HI, WE ARE JOVANA AND ALEX, THE FOUNDERS OF JAPES

We established Japes at the end of 2018, when we were both 26, driven by a shared ambition to build something of our own.

As a couple, we have always loved creating things together, and starting a business felt like a natural step. Jovana graduated in economics as one of the top students in her class, bringing strong business knowledge to the table. Alex spent years as a professional kayaker, competing at the highest level until 2014. In 2012 he competed in the Olympic Games in London and won the World Cup in 2013.

Red Bull first brought us together. In 2014, Jovana was working in their marketing department, while Alex was one of their sponsored athletes. That connection later grew into both a life and business partnership, and eventually Japes.

How do we choose our ingredients?

WE LOVE DOING THINGS TOGETHER AS A TEAM

We believe every opinion counts, so we taste and vote as a team. For our Chicago Deep Dish, we tested 14 different types of pepperoni. After careful tasting and discussion, one stood out clearly - receiving 31 out of 35 votes. That's the pepperoni we proudly use today.

What does Japes stand for?

JAPE — "AN ACTIVITY DONE TO MAKE SOMEONE LAUGH"

You see, according to the Cambridge online dictionary, we are a group of people in the business of making others happy. We couldn't have said it better ourselves. Thanks Cambridge!
